

Manual Supplement for Dairy Models

Keep this sheet with the manual for you or future users of this manual.

IMPORTANT: Table 1 below replaces Table 1 listed on page 5 of the commercial electric light duty manual.

DIMENSIONS AND CAPACITIES DATA

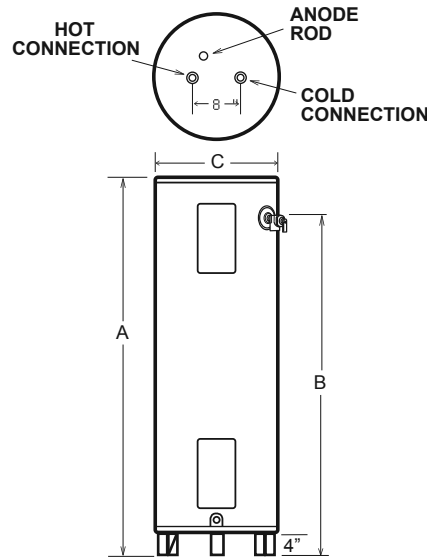

FIGURE 1

TABLE 1 - ROUGH-IN DIMENSIONS

Tank Capacity		A		B		C		Approx. Shipping Weight	
US Gals.	Litres	inches	cm	inches	cm	inches	cm	Lbs.	Kg.
80	303	64-1/2	164	56-1/4	143	24	61	182	83

IMPORTANT: The data in Table 2 for single element models does not apply to commercial electric light duty models and should be disregarded.

Table 6 below replaces Table 6 listed on page 19 of the instruction manual. Only the element kits listed in this table are available for the 80 gallon commercial electric light duty models.

TABLE 6 - REPLACEMENT KIT PART NUMBERS FOR COPPER SHEATH ELEMENTS

K.W.	Element Wattage	208v	240v
		Part No.	Part No.
1.0	1000	9002863115	9000143115
1.5	1500	9003946115	9002864005
2.0	2000	9003954115	9003946115
2.5	2500	9003948115	9003954115
3.0	3000	9003956115	9001879005
3.5	3500	9000092015	9003948115
4.0	4000	9003951115	9003956115
4.5	4500	9002645005	9000092015
5.0	5000	9004688105	9003957005
